PROFESSIONAL EXPERIENCE

Software Engineer — CodeScale (Pvt) Ltd. 2025 – Present

Building Web and Mobile (iOS & Android) applications

- Developed and maintained React and React Native applications across web and mobile (iOS & Android) platforms.
- Built reusable UI components using React, TypeScript, and Redux Toolkit, improving development consistency and efficiency across projects.
- Integrated REST APIs for authentication, data synchronization, and core application workflows.
- Used React Query (TanStack Query) to manage server state and reduce unnecessary re-renders, improving app responsiveness.
- Implemented Firebase services and deployed application infrastructure on AWS.
- Collaborated with backend engineers, QA, and UI/UX designers in an Agile development environment.
- Conducted code reviews, mentored junior developers, and maintained code quality using Git and CI/CD pipelines.
- Applied security best practices across web and mobile application workflows.

Associate Software Engineer — CodeScale (Pvt) Ltd. 2024 – 2025

- Developed and maintained scalable web and mobile applications using React and React Native.
- Designed software architecture and enforced best coding practices across projects.
- Integrated third-party services and optimized API interactions.
- Enhanced application performance and troubleshooted production issues.
- Collaborated with cross-functional teams including UI/UX, backend, and QA engineers.

Software Engineer (Intern) — CodeScale (Pvt) Ltd. 2023

- Supported development and maintenance of web and mobile applications.
- Assisted with code reviews, testing, and bug fixes under senior engineer guidance.
- Gained hands-on experience with React, React Native, and Agile workflows.

EDUCATION

M.Sc. in Computer Systems and Networks — National Research University Higher School of Economics (HSE University), Russia

2021 – 2023 | GPA: 8.37/10.00

B.Sc. (Hons) in Informatics and Computer Engineering — Moscow Automobile and Road Construction State Technical University (MADI), Russia

2017 – 2021 | GPA: 4.76/5.00

GCE Advanced Level, Physical Stream — Central College Kuliapitiya

Combined Mathematics – B, Physics – B, Chemistry – C

ACADEMIC & PERSONAL PROJECTS

- **2022** — Built a kernel based on ALT Linux for the Raspberry Pi 4 single-board computer (Academic Grade: Excellent).
- **2021** — Designed and implemented a technical solution to equip premises with video recording equipment using an IP-stack.
- **2019** — ID card tampering detection project using machine learning.

CERTIFICATIONS & ACHIEVEMENTS

- 2022 — The Python Developer Essentials Immersive Bootcamp
- 2022 — MIEM HSE Summer School: "DevOps. Containerization and CI/CD Technologies"
- 2022 — Additional Competencies to Expand Professional Qualification of a Graduate Student, specialization "Project Management"
- 2022 — Preparatory Course in Russian Language, graduated with excellence | 2013 — Diploma in ICT
